

2024 CAMPAIGN TO CARE FOR THE BUILDINGS AND GROUNDS OF SACRED HEART CHURCH

Our goal for this new campaign is to raise funds to improve the buildings and grounds of our church. Outdoor areas, buildings, signage, and equipment have deteriorated over the years. The time has come for us to address several of these concerns.

Priority #1: Marian Drive Removal and Landscaping

\$110,000.00

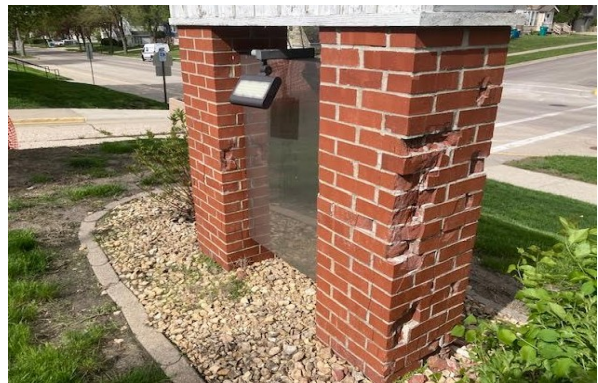

Marian Drive has been closed for many years because of safety issues that were identified at that time. In a combined effort with St. Mary's School, Marian Drive will be removed and a landscaped area between the church and school will add beautiful green space and will resolve drainage issues. In addition, we will repair the retaining wall and terrace the lawn near the Cedar Avenue entrance of the church. The amount listed is our share of the Marian Drive removal and landscaping at the Cedar Avenue entrance of the church.

Priority #2: Replace Cedar Avenue Sign

\$15,000.00

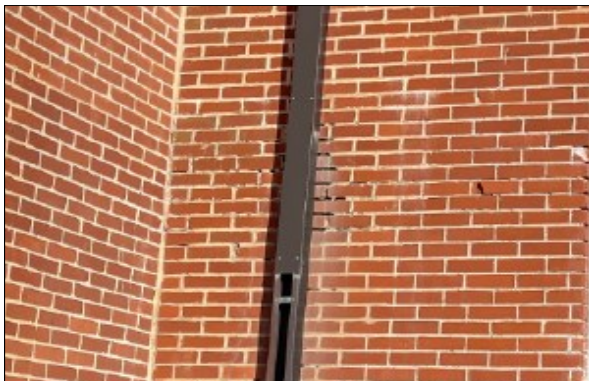

The church Mass time sign and structure on Cedar Avenue are in need of replacement. The Oak Avenue sign will also be repaired.

Priority #3: Tuckpoint Outside of Building

\$150,000.00

There are brick and mortar areas around the church that have deteriorated significantly and are in need of grout replacement (tuckpointing). This plan addresses the critical areas needing immediate attention which includes the chimney, the east tower, and the south side of the church. Additional areas in need of repair will be identified and addressed in the future.

Priority #4: Replace Heating/AC Units for the Parish Center

\$25,000.00

The heating and air-conditioning units for the Parish Center were originally installed during construction in 1984. The units are in need of replacement due to age and service issues.

Our goal for this 18-month campaign is to raise all of the funds required to complete the projects listed. Any additional funds raised will be used to continue repair and improvement of the buildings, grounds, and other needs of our church.

CAMPAIGN FUNDRAISING PROJECTS

| | |
|-------------------------------------------------------------|---------------|
| Priority #1: Marian Drive Removal and Landscaping | \$ 110,000.00 |
| Priority #2: Replace Signage | 15,000.00 |
| Priority #3: Tuckpoint Outside of Building | 150,000.00 |
| Priority #4: Replace Heating/AC Units for the Parish Center | 25,000.00 |

TOTAL IMPROVEMENTS \$ 300,000.00

Fundraising will continue through December 2025.
